

July 12, 2010

Paul Sonoda
Vice President of Research and Development
Innsoft, Inc.
14355 SW Allen Blvd., Suite #240
Beaverton, OR 97005

Innsoft, Inc. engaged Trustwave, operating under TrustWave Holdings, Inc. ("Trustwave") to conduct a third party security assessment and determine whether Innsoft, Inc. has satisfactorily met the Payment Card Industry (PCI) payment Application Data Security Standard (PA-DSS) version 1.2 related to the protection of cardholder data. Specifically, the assessment ensures that the Innsoft, Inc. application has met the PA-DSS requirements. Trustwave is an authorized third party assessor for all the major payment card associations.

The following business units and platforms were in scope for this assessment:

Check-Inn Credit Card Module 5.0.0

Trustwave has completed its review of the application listed above as well as its associated documentation. A Report on Validation (RoV) for the application has been submitted to the PCI-SSC for final listing consideration.

Sincerely,

Keith Swiat
Director, Payment Application Practice, Trustwave
